Chaiduar College has taken a great number of steps in the post-accreditation period to bring radical changes in the teaching-learning process and to accelerate the developmental process. Apart from a well-planned curriculum and robust and efficient evaluation system in place, it has enhanced ICT infrastructure, organized workshop on the use of ICT in the management of education, and successfully and consistently conducted online classes in the Covid-19 period. Chaiduar College has utilized the social media platform innovatively for academic purposes. The college has successfully organized a number of national, international webinars, seminars, invited lectures as well as career counselling programs. The college has organized different faculty exchange programmes and student exchange programmes during the post accreditation period. Chaiduar College has always strived to attain optimum benefits for the students in a planned and effective manner by putting in place a mechanism that includes academic calendar, class routine departmental initiatives, and availability of teaching learning facilities, periodic assessment and review. A few examples of Institutional reviews and implementations of teaching learning reforms facilitated by the IQAC in the post accreditation period are discussed below:

1. Enhanced ICT Infrastructure In the post-accreditation period, Chaiduar College has put more and more emphasis on enhancing the ICT infrastructure of the college. ICT Enabled classrooms have been build
2. Virtual and digital classrooms have been built
3. Almost all faculty members use ICT facilities in the classrooms
4. The entire admission process is made digital
5. The central library is automated with SOUL 3.0 software
6. The Digital Library of the college is fully functional: Students and faculty members can access e-resources, old question papers, college newsletters etc from it. E-resources through N-List and other databases are available.
7. All examination and result records are done through online portal
